

Dear Friends:

Welcome to our June Concert. We hope you enjoy the music we are performing and the many talented soloists you are hearing today. The **Natural State Brass Band** is nearing its second anniversary and we would like to thank all of you who have so graciously supported our growth with your presence at our concerts and your generous donations. If you are attending your first performance, we hope you will join with those who have aided us in the continued development of our ensemble.

The members of the NSBB have pledged our time and talents to the creation of the finest all volunteer brass band that we can give to the people of the "Natural State". We invite you to all our future performances and we hope you will help us make those performances even more enjoyable by your attendance and your support.

**Rico Belotti, Chairman, NSBB Board of Directors**

# Natural State Brass Band

Happy Father's Day!

We thank you for spending part of your day with the **Natural State Brass Band**. In today's concert, you will not hear anything that has father or dad in its title. There will be no special tributes. There is really nothing that identifies today's concert as honoring dad. However, in every thing we play today, I challenge you to find something about the piece that brings a thought about dad to you. Maybe it is a title that holds a special thought or a particular tune that triggers a fond memory. It may also be something as simple as attending a Sunday afternoon concert. Whatever it might be, think of dad. If you are fortunate enough to have your dad around to say, thank you and I love you, don't miss the opportunity. To my Dad, who is no longer with us, I Love You and I miss you. Thanks again for being here and we hope to see you again on August 14<sup>th</sup>.
